NEW YORK, June 19.—The census returns show the population of Brooklyn to be 5[illegible],000, an increase of [illegible],000 in five years.

Effect of the Indian War

SHAKESPEARE, N. M., June 18.—Citizens of Silver City and vicinity are almost starving for want of provisions. Not one pound of flour, potatoes, bacon or staple necessities of life are to be obtained for love or money, neither can checks on eastern exchange be converted into cash, being unattainable. Business is completely prostrated in consequence both at Silver and Shakespeare. Victoria's raid is the cause of all this. Gen. Hatch telegraphed Gov. Wallace recently that he knew of no freight trains having been troubled by Indians.

Convention in the Open Air at Raleigh

RALEIGH, June 19.—The democratic state convention yesterday was the largest ever held in North Carolina. Two thousand delegates were in attendance. No hall was large enough to hold them and they met in capitol square in the open air. The meeting was called to order by S. A. Ashe, chairman of the state committee. Jno. Graham was made permanent president. Governor Jarvis was re-nominated over Fowle and Scales by a small majority on the first ballot and it was made unanimous. On the first ballot for lieutenant governor Judge Starr was thought to be nominated over James L. Robinson, the present incumbent, Thos. Hallad, Kerr Craig, but there being confusion another call was made and Robinson's nomination was made unanimous. All other incumbents were re-nominated without serious opposition except for auditor General W. P. Roberts was nominated. Delegates to Cincinnati are not instructed, but are favorable to Seymour, second choice Bayard. The convention took no action about the two thirds rule at Cincinnati. There are no Tilden men among the entire delegation. Electors at large, Gen. James M. Leach and Fabins H. Busbee.

Murder at Jack City.

LARAMIE CITY, June 19.—George Benton, just from North Park, says that Chauncey Bacon, a miner, was shot and mortally wounded on the 17th at Jack City by a Swede, whose name he did not learn.

A Fiendish Deed.

CINCINNATI, June 19.—At Jefferson, near Sidney, Ohio, on Thursday, David L. Shank, a young blacksmith, attacked two widows in their house and killed one, Mr[s.] Lane, aged 64 years, the weapon used being a fence rail. He was driven away before he had killed the other woman. He feigned insanity when arrested, but it is said that he was only drunk.

Floods in the Northwest.

CHICAGO, June 20.—Passengers coming in from Minnesota and Dakota represent the whole country literally under water, and the damage to crops and other property will be incalculable. The rain last week swelled the streams, and nothing like it has ever been before known.

Fire at Starkville, Mississippi

MEMPHIS, June 20.—A fire at Starkville, Mississippi, yesterday destroyed half the town.

Gen. Garfield at Harrisburg

HARRISBURG, June 19.—Gen. Garfield arrived to-day. He was met at the depot by a large crowd of people and made a short speech. Congressmen Conger, Humphreys and Williams of Wisconsin also spoke. In compliance with a telegraphic request from Gen. Garfield, Senator Cameron met him at the depot and accompanied him west.

Jeff Davis Testifies in the Dorsey Case—He Remains Unreconstructed

NEW ORLEANS, June 18.—Jefferson Davis, Jubal A. Early and J. U. Payne testified in the case of the will of Sarah A. Dorsey, who left Davis her legatee, contested on the ground of undue influence, which Davis emphatically denied. Mrs. Dorsey, he said, believed that the confederacy still existed, that its truths were eternal and should prevail. He believed this too, and if that was insanity, both he and Mrs. Dorsey were crazy.

Collision at New York.

NEW YORK, June 20.—The excursion steamers Grand Republic and Adelaide were in collision off Canal street this evening, and the latter was sunk. No lives were lost, both boats having just previously landed their passengers.

Congressional Nomination

ELLSWORTH, Me., June 18.—Republicans of the fifth congressional district have nominated Seth F. Milliken, of Belfast, for congress.

End of the Leadville Strike

DENVER, Col., June 18.—A *News* Leadville special gives the result of the meeting of the miners' union yesterday. The meeting was largely attended by members of the union. Gens. Cook and James and their staffs and a number of prominent mine owners were also present. After a full and free discussion, the miners' union adopted a series of resolutions agreeing to resume work on terms on which they were employed previous to the strike. Certain mine owners agreed to recognize the eight hour system in future as heretofore, and gave pledges to use their influence to have that system generally adopted throughout the camp. It is understood, however, that the men were to go to work at the old prices whenever they could get it and that no strike would be ordered or permitted against managers who insisted upon working four shifts. Such leaders of the strike as were known to have counseled and resorted to violence and intimidation would not be re-employed. A committee appointed by the meeting waited upon General Cook and they joined in a dispatch to Governor Pitkin requesting a continuance of martial law at the discretion of General Cook. As the matter now stands, miners are to go to work at the old prices, the union not to be disbanded, however. Mine owners and managers make no concession except that they will use their influence in favor of the general adoption of the eight hour system. Mooney and other leaders were guaranteed immunity from arrest if they return. If the miners go to work to-morrow all the mines will resume [with] full force. A large number of mines are already working full forces and confidence is generally restored.

DENVER, June 19.—Mooney was released this morning. Telegrams from Leadville say that all the militia are mustered out except one company. Everything is quiet.

WASHINGTON CITY

The Mexican Border

WASHINGTON, June 18.—At a cabinet meeting this afternoon a telegram from Gen. Hatch requesting permission to follow Victoria's Indians across the Mexican border was referred to the state department with a view of obtaining the consent of the Mexican government. The military authorities here have been directed to prevent the departure of the expedition from southern Arizona to take possession of the state of Sonora, Mexico.

A Local Option Bill Adopted by the House of Commons

LONDON, June 19.—In the house of commons to-day Sir Wilfred Lawson's local option resolution, giving to the inhabitants of any district the right of determining whether licenses to public houses shall be rendered or not, and which has been rejected in several successive sessions, was adopted, 229 yeas to [illegible]. Gladstone and Lord Hartington voted against the bill and Forster, Sir William Harcourt, Mr. Chamberlain and some other members of the government voted for it.

The English Grain Market

LIVERPOOL, June 18.—A leading grain circular says that the grain trade remains very dull. There is almost an entire cessation in the demand at the principal markets and a decline of sixpence to a shilling is generally reported upon a limited amount of business transacted. Cargoes off coast continue in fair request at steady prices.

French Affairs.

PARIS, June 17.—A number of senators and deputies met to-day by request of Premier De Freycinet to discuss the amnesty question. De Freycinet said that the government thought it expedient to summon a meeting of the moderate members of the two chambers to ascertain their views in order that the government might know how to act in the matter. Leon Say said that he had so recently returned to Paris and that he had not had time to learn the feeling of the senate. Gambetta explained it was at his instance the meeting had convened. He urged the government to put an end to the irritating question by presenting a bill for the plenary amnesty. Senators replied that the government would not obtain the votes of the left center in the senate to such a measure. At a cabinet council this morning a majority declared in favor of amnesty.

A committee of the chamber of deputies on army administration have withdrawn their bill and resolved to resume examination of a bill adopted by the senate, which was rejected by the committee on the 14th inst. Gen. Farre, minister of war, to-day asked the chamber to suspend discussion of the bill until he had introduced his own measure. The house assented.

PARIS, June 19.—Deputies of the republican left have decided by a vote of 48 to 13 to favor amnesty. Senators of the same party have taken similar action. *L'Union*, replying to an article in the *Figaro*, acknowledges that royalists are collecting funds but claims that the collections are only such as every political party requires and denies the existence of any conspiracy.

The chamber of deputies was to-day engaged in a discussion of estimates of the ministry of foreign affairs.

The cabinet council to-day determined as a basis for the amnesty proposition that the amnesty will be plenary except as regards crimes against common law previous to 1871.

De Freycinet, in reply to an interpellation upon the estimates, said that the Hartman affair had in no way affected the excellent relations between France and Russia; that the policy of the government on the Greek question would be one of prudence, and that the government had entered into negotiations with the semi-official agent of the Mexican republic for the restoration of diplomatic relations between the two countries. The whole of the estimates were then adopted.

Gambetta, at a meeting of senators and deputies to discuss the amnesty question, said that in the provinces as in Paris public opinion has accepted amnesty as necessary. Conservative and republican papers of Paris are almost all pronounced for amnesty. Republican organs in the provinces also unanimously favored it. Four thousand amnestied persons are now in Paris and their quietness had refuted the fears expressed regarding the maintenance of order. Why shrink from amnestying a few persons? The government could be sure of their 2[illegible] adherents in the chamber of deputies. In this state of things it would be incomprehensible for the senate to impede the measure.

The preamble of the amnesty bill says: In the presence of the tranquility reigning in Paris, the recent triumph of legality at Lyons and the approaching national fete, plenary amnesty can be proclaimed without danger. Also the ministry appeals to your clemency, not to your justice. Amnesty is to be accorded to all persons convicted of political offenses or crimes in 1870 and 1871 and to political and press offenders from that time until the present date. The preamble was cheered. A motion for urgency presented by Premier De Freycinet was agreed to, as was also the premier's further proposition that the bill be referred immediately.

The Porte and Sultan Realize the Situation

VIENNA, June 17.—The answer of the porte to the identical note is better than was anticipated, as it accepts the decision of the powers and places it [illegible] on the same basis with the [illegible]. There is however a reservation that mediation should not interfere with the free decisions of the porte, but it was expected that the porte would submit before knowing the decision of the powers. The inference is that the action of the powers has not failed to produce some impression upon the sultan as to the exigencies of his position.

CONSTANTINOPLE, June 17.—It is stated that the porte will not openly object to the decisions of the conference but will not enforce them. Albanians on the Greek border are being urged to resist. Large supplies of arms and ammunition have been sent for distribution. The financial difficulties are increasing. Notwithstanding the scarcity of money considerable sums are being made to the special chest at the war office, supposed to be in anticipation of war with Greece. It is believed that [illegible] ready [illegible] with the [illegible]. There can be no [illegible] of Europe [illegible] who are simply [illegible] prevails.

THE LATEST—TILDEN WITHDRAWS

SPECIAL DISPATCHES TO THE OREGONIAN

CINCINNATI, June 19.—There have been many arrivals to-day and to-night of delegates and their [illegible]. Newspaper [illegible] the number of [illegible] registered at the [illegible] here are [illegible] Texas delegations [illegible] to-night. The Thurman club of Columbus, 300 strong, came in to-night and were escorted from the depot by the democratic club of this city. The first [illegible] of the Tammany Hall club arrived near midnight and took quarters at the Burnett House, where they have established headquarters. This [illegible] is very much thronged with busy talkers. To-night the chief topic of conversation is Seymour's telegram declining to be a candidate. It is conceded by many now that his candidacy appears to be out of the question and that he could have been nominated by acclamation. It is argued by friends of western candidates that the inevitable result of Seymour's withdrawal is to be the nomination of a western man. What is the position of Tilden? is the absorbing question. The streets are full of rumors, as the newspapers have been for days, to the effect that Tilden has prepared a letter withdrawing the use of his name. It has been placed in the keeping of several gentlemen, all of whom have denied its possession. Judge Hadley of this city, who is known to be a warm friend of Tilden, says that no such letter is in Cincinnati to his knowledge. The latest rumor in this connection with this matter is that the letter is in the hands of W. C. Whitney of the New York delegation. Mr. Whitney being a son-in-law of Judge Payne, the inference is that Tilden's strength is to be transferred to Payne, but Whitney's associates have denied that such a letter is in existence. Still the story is told with strong assurances that Tilden and his party thoroughly permeate [this] convention. It is to be observed in this convention that though there is no equal [illegible] to the candidate there is not so much [illegible] at Chicago, but as the time draws near the lines will be more strictly drawn and by Monday the adherents of the several candidates may be well enough settled in their own minds as to warrant a count of probabilities. As matters are now, no one ventures on a calculation of the strength of candidates. There are live workers here in the interest of Tilden, Thurman, Field, Payne, Jewett, Randall, Bayard, Hancock, Hendricks and English. Mr. Groesbeck is mentioned as a possible contingent, but he is not prominently presented. Abram S. Hewitt is mentioned as a candidate in case Tilden declines.

The national committee met to-day and decided to arrange the preliminary organization at noon on Monday. It has been arranged to give each delegate five seats for spectators, 500 to the local committee and 600 for ladies to the local committee.

Susan B. Anthony, Matilda Joslyn Gage and Lillie D. Blake of New York, S. A. Spencer of Washington, D. C., Elizabeth A. Merriwether of Tennessee and others of the women's suffrage association are here to present their claims for the ballot to the democratic party. They have established headquarters in one of the rooms at Music Hall.

The latest rumor with regard to the Tilden letter of withdrawal is that it is in the possession of his nephew, who is on his way to Cincinnati. Whatever may be the fact, the conclusion is quite general that such a letter is in existence.

The Convention Hall.

The national committee to-day visited Music Hall and reviewed the arrangements for seating delegates, press representatives and others. The arrangements are much better than at Chicago. The western associated press and the New York associated press will have places to the left of the president on the platform. So far there is no complaint about the plans for issuing the tickets to spectators, and apparently there are no movements to pack the hall with claquers.

Organization of State Delegations—How Sunday was Spent by the Delegates

CINCINNATI, June 20.—Delegates not immediately engaged in the business of the convention have visited attractive suburbs and swarmed at all the hill top resorts.

Last night a most delightful reception was given the Ohio delegation by residents of Clifton. Speeches were made by Theodore Cook, G. H. Pendleton, Wm. S. Groesbeck, John Mcsweeny, Job E. Stevenson and Richard Smith.

To-day the Ohio delegation held two meetings, at both of which great enthusiasm was manifested for Thurman, and it was resolved to stand firm. It was stated that Jewitt's candidacy was not to be considered so long as Thurman was in the field. Much bitterness was expressed toward the supporters of Payne. It was decided that W. D. Hill should make the nominating speech and John Mcsweeny should second the nomination.

To-night the New York delegation held a meeting at the Grand Hotel and organized by choosing Daniel Manning chairman and S. B. Holliday secretary.

Tilden Interviewed by Pacific Coast Delegates—He Will Go Before the Convention

NEW YORK, June 19.—The *Evening Mail* says: A committee of Oregon, Nevada and California delegates to Cincinnati called on Tilden Thursday. He received the delegation courteously but with none of last campaign's love. They explained their position to him and why the people had been led to consider him out of the race and why other names were brought forward. Col. Henry, who was one of the delegation, said last evening to a reporter: "The old gentleman listened to all we had to say, and said that in view of the fact that he had been assured of a majority vote in the convention he did not intend to withdraw his name from the convention." When asked to name the gentleman he would support in event of his defeat in the convention Tilden refused to say. He would not promise however to support Field.

Seymour Emphatically Declines.

CINCINNATI, June 19.—The *Enquirer* this morning says that its editor has received a personal dispatch from Horatio Seymour, and it violates no confidence in printing the following extract: "I cannot accept the nomination if it is made under any circumstances. I am not able to do the duties of any office. I hope my name will not be presented at Cincinnati in any way. I have never said I would accept the nomination, nor have I knowingly intimated that I would. I rely upon you to set me right with the delegates."

Delegates Open to Conviction

CHICAGO, June 19.—The *Tribune's* interview with democratic delegates to Cincinnati who are now in town indicates that almost the entire body of them are uninstructed and open to conviction after arrival there, with a partiality for Tilden. Mr. Irish, of the Iowa delegation, said to a Burlington reporter that a majority of the Iowa delegation would support Tilden.

Tilden has not Withdrawn

CHICAGO, June 19.—From a source which is perfectly trustworthy and able to speak from positive knowledge it is learned that stories of Tilden's withdrawal are absolutely false. He expects more than half the votes of the convention on the first ballot and will either get the nomination or dictate the nominee.

The Thurman Programme

COLUMBUS, Ohio, June 19.—Senator Thurman arrived here to-day from Washington and [held a] consultation with a number of delegates to the Cincinnati convention and personal friends as to the management of the contest. The consultation was informal, and beyond agreeing to stick to Thurman as long as there was a chance of his nomination and arranging business details, nothing was done.

"The Biggest Boom is for Field"

NEW YORK, June 19.—A Cincinnati special to the *Evening Post* says: The man here who appears to come nearest to having an effectual following is Field. The Tilden men are expecting that the opposition to them will in the end concentrate on the [illegible]. A *Commercial* [illegible] says: The biggest boom is for Field.

TILDEN WITHDRAWS

CINCINNATI, June [illegible]—[illegible] A. M.—The New York delegation held a [illegible] to-night at [illegible] Wm. [illegible] a letter from [illegible] J. A Brush on the Sand Lot—A Female Greenbacker Gives Mr. Wellock "One on the Snoot."

SAN FRANCISCO, June 20.—At the sand lot to-day there were two meetings held, one by the greenbackers and the other by the workingmen, of the W. P. The greenbackers came first on the scene and preempted the rostrum, raising the stars and flag. Soon after William Wellock of the democrats, who made his appearance, attempted to mount the platform. This attempt was resisted, and after some parley one of the female greenbackers led out with her left, giving William one for his gob, which started him on his native [illegible]. He retired in good order amid howls of contending factions which had in a while begun to reassemble in groups and improvised a stand in a distant corner of the sand lot, where he assembled his democratic followers. Speaking was then carried on from both rostrums. The crowd was about equally divided during the speaking. Knots of men assembled angrily discussing the questions which engaged their attention, but a squad of police circulated about and promptly repressed any tendency to violence.

NEVADA.

Horrible Accident

GOLD HILL, June 18.—A terrible accident at the Yellow Jacket mine occurred at 11:30 o'clock, occasioned by a carload of tools falling from near the surface to the bottom, where eight men were on the skip. THE RIFLEMEN

Some Good Work at Dublin—The American Team Censured

[SPECIAL TO THE OREGONIAN]

DUBLIN, June 17.—The following are the individual scores of Americans at Dollymount to-day at 800 yards, at 900 yards and at 1000 yards: Farrow—74 68 74, total 216; Clark—72 69 70, total 211; Scott—74 63 64, total 204; Laird—72 68 60, total 200; Brown—71 68 60, total 199; Fisher—66 65 57, total 188; Rockwell—63 65 57, total 185; Rathbone—65 69 50, total 184; Jackson—63 59; Hank, total 122. All fired the full complement of shots except Jackson, whose rifle broke down. Farrow, who won the Albert prize at Wimbledon, made a record [illegible] day at the three ranges [illegible] unprecedented. The Irishmen did not shoot to-day.

DUBLIN, June 18.—The Americans to-day score a full complement of shots at each range. The wind was light but variable, somewhat impeding the marksmen, as they had no flags to indicate its direction or force. Their practice on the whole was fair. The scores at 800 and 900 yards were as follows:

Scott	73	61	Clarke	6[illegible]	6[illegible]
Laird	[illegible]		Brown	[illegible]	6[illegible]
Fisher	6[illegible]	63	Farrow	[illegible]	[illegible]
Rockwell	69	63	Rathbone		66
Jackson	72	61			

The Irishmen did not fire a full complement at each range. At 800 yards Milner and Coghlan scored 68 and 72 respectively, and following were the scores at 900 yards:

Milner	61	John Rigby	7[illegible]
Joynt	69	William Rigby	65
Murphy	69	Dyas	65
Coghlan	65		

The Irish Rifle Association last night considered the decision of the Rifle Association of America to exclude separate Irish teams from future matches for the Centennial Trophy. A resolution was passed condemning this alteration and declaring that they could not recognize the power of the association to exclude teams from Ireland, Scotland and Australia, all of which nationalities participated in the first match and thereby earned a right to enter subsequent ones.

The following are the scores at 1000 yards—American:

Scott	64	Clarke	[illegible]
Lairds	58	Brown	6[illegible]
Fisher	61	Farrow	6[illegible]
Rockwell	61	Rathbone	54
Jackson	60		

Irishmen—Milner did not shoot.

John Rigby	66	Joynt (20 shots)	81
William Rigby	56	Murphy ([illegible] shots)	[illegible]

Boat Race at Providence

PROVIDENCE, June 1[illegible].—A professional race of [illegible] miles to-day was won by Ross, Plaisted second, Boyd third. Hanlan was leading at [illegible] miles. At the signal Hanlan rushed to the front and was followed by Boyd and Kelly. After a time Ross pushed ahead of Boyd and they fought steadily for the third position. Finally Ross passed the [illegible] and [illegible] Hanlan, passing him before reaching the turning point by three or four lengths, with Riley second and Hanlan third. Hanlan seemed to have fouled [illegible] and [illegible] in contact with his buoy and was detained nearly half a minute. As the buoy was rounded the [illegible] toward the [illegible] with Riley [illegible] and [illegible] champion [illegible]. Ross maintained his lead and about half a mile from the turn Hanlan was observed to cease rowing and rest on his oars. DEATH OF GEN. JOHN A. SUTTER.

The California Pioneer at Washington

The Body to be Buried at Lititz, Pa.—Memorial Services by the Associated Pioneers at New York—Etc.

WASHINGTON, June [illegible], 1880.

Gen. John A. Sutter, the pioneer [illegible] of California, died here yesterday. He had been [illegible] about a week [illegible]

The Funeral

Funeral services were held over the remains at the residence of Charles Ma[illegible] and the [illegible] were then conveyed to the [illegible] for transportation to Lititz [illegible] a wife [illegible] and two children [illegible]. He also leaves a son and daughter at Acapulco, Mexico, and a son in San Francisco. Rev. Dr. Sunderland conducted the funeral services and delivered a brief address, in which the noble qualities and [illegible] virtues of the venerable pioneer were touchingly portrayed. The pall bearers were the Hon. [illegible], Swiss consul general, J. H. Hastings of California, and the following old California pioneers, now residents of Washington: [illegible]ner, A. M. Kenaday, F. B. Shaw, Peter Allabach, C. P. Crandall and James S. Price.

Memorial Services at New York

NEW YORK, June 20.—A meeting of the society of Associated Pioneers of the Territorial Days of California was held at the Sturtevant House this afternoon to take action in regard to the death of Gen. John A. Sutter, president of the society. The banner of the society hung at half mast over the hotel all day and one of the parlors was well filled with old pioneers. Gen. H. G. Gibson, acting president of the association, occupied the chair and made an appropriate address, illustrating the life and character of the deceased. Other addresses were made by Messrs. John Sickels, O. H. Pierson and F. D. Clark. Mr. Henry Morford read a poem composed for the occasion. A committee consisting of Gen. T. D. Johns, L. C. Kemble and J. H. Butler was appointed to draft resolutions expressive of the sorrow felt by the association at the death of its venerable president, which were read and adopted. It was then resolved that the society would attend the funeral of Gen. Sutter, which will take place at his late home in Lititz, Lancaster county, Pennsylvania, on Tuesday afternoon at 2 o'clock, after which the meeting adjourned.

The resolutions refer to the early career of Gen. Sutter in California, the services rendered the emigration before the discovery of gold, and his valuable aid rendered our government in acquiring control of that country. They touch upon his unselfish course in the opening of the gold mines on his [illegible], the loss of his property through the greed of lawyers and adventurers, and allude to his disappointment in obtaining no recognition of his claim by congress, which it is thought may have hastened his death. The poem is an eloquent tribute to Sutter's career and benefactions, and both resolutions and poem are to be engrossed and presented to his family. The society will attend his funeral wearing their insignia and carrying the Swiss, the Mexican and American flags intertwined.

NEWS NOTES FROM THE SOUND

[REGULAR CORRESPONDENCE OF THE OREGONIAN]

SEATTLE, W. T., June 1[illegible].

City election on the 12th prox.

Weather delightful.

Drs. Bagley and Higgwarden of this city have formed a copartnership.

There are 20 new dwelling houses in course of construction in this city, while as many more are projected, work on which will soon be commenced.

The salmon cannery of Messrs. Meyers & Co. at Mukilteo has been abandoned. They will remove their apparatus to their new cannery now being constructed just across the bay from this city.

Much annoyance has been caused by the selling of whisky to Indians in the Skagit mines. Numerous little bottle groceries have been established at various points along the upper river, the especial purpose of which is to supply the demand for fire water.

The coming Fourth will be celebrated in this city in a manner becoming the enterprise of our citizens. Two hundred and fifty dollars have been appropriated by the city council for celebration purposes, while a much larger sum is being raised by private subscription. The A. O. U. W. society of Victoria are getting up a grand excursion to this city for the occasion, while a picked base ball nine from the same place have proposed to play our boys here on the coming festive day. The game is to be played in North Seattle on the squares back of Third street. Arrangements are also being made for a regatta, in which a large number of craft from various parts of the sound will participate.

The new cheese factory on White river is in full and successful operation. Seven cents per one hundred pounds is the price paid for the milk consumed.

The first drive of [illegible] head of beef cattle this season from Yakima, for this market, arrived here yesterday. Four head were lost on the way over. At the time the band crossed the mountains there were twelve feet of snow on the summit.

Mr. Levenson, a lawyer of Wellington, Kansas, and several other gentlemen from the same locality, members of an organization known as the Washington Colony, have recently arrived in this city. They inform your correspondent that there are several hundred people members of this colony, the majority of whom will arrive here and in the country east of the mountains by the latter part of the present month. A portion of the party, including the president, are coming overland with teams and are probably by this time in the Spokan country. It is not yet determined what portion of the territory this colony will select for a location, but probably some portion east of the mountains.

The rush to the Skagit mines has fallen off somewhat during the past two or three weeks. The water is now very high on the several creeks on which gold has been discovered and it is asserted that no mining to speak of can be done until late in August. Meanwhile a great many discouraging reports have been put in circulation, which may or may not be well founded. One old miner of many years experience in the gold mines of this coast dropped in to our office yesterday. He had just returned from the diggings for the purpose of purchasing supplies for one of the companies on Canyon creek, of which he was a member. "Some of the boys," he said, "are getting the dumps badly and there are as many coming out of the country at present as going in. About 2000 claims have been located in companies on the several creeks. The water is so high that nothing but preliminary work can be done now. In my opinion you have seen the biggest rush you will see until the boys get to taking out gold in well paying quantities." In answer to a question as to whether he thought they would ever do this, he replied: "Well, the fact is nobody knows. The country has all the appearance of a rich auriferous region, but as to [illegible] gold is, you can't sometimes most always tell, as Bret Harte used to say, at least until you get at it. The country is yet entirely undeveloped. It has not yet been fairly prospected. However, some good strikes have been made." Again when asked if he did not consider the recent departure of a number of old miners from the diggings [illegible] disgust an unfavorable omen, he replied, "Why, not at all. It has been so in all mines. [illegible] old and well experienced miner [illegible] Alder Gulch, Montana, in the spring of 186[illegible], denouncing the diggings in the most bitter terms, declaring that there never had been and never would be an ounce of gold taken out of the very [illegible]

The association [illegible] very small, there having been only [illegible] graduates [illegible] of whom, owing to many and various unavoidable circumstances, only four were present.

The exercises were introduced by a greeting song, then came the introduction of the class of 1880 by R. S. Bean, president of the association, followed by an introductory address of welcome by J. C. ANNUAL MEETING

[illegible] CONGREGATIONAL ASSOCIATION OF OREGON AND WASHINGTON

Second Day.

Last evening, owing to the illness of Rev. C. [illegible], who was to preach the association sermon, he was obliged to ask to be excused *pro tem*, and Rev. P. S. Knight preached on the words of Christ, "lovest thou me." This morning a letter was read from the church at Port Gamble asking to be received into connection with this body, and it was so done, making the ninth new church received during the session.

Rev. A. W. Bowen then opened the subject of amusements. He had found it no amusing subject, so that having written an essay about it he had become so disgusted with it that he had left it at home and proposed to open the subject with some extemporaneous remarks. He stated that all persons needed some amusements or diversions, even the most strictly, but that the temperament and circumstances [illegible] make amusements innocent all but fall [illegible] had brought many of them down [illegible]. He could lay down [no] single rule for all but felt that we must keep [illegible] amusements out of the church and that Christians must deny themselves, take up their cross and follow Christ. The question between [illegible] innocent and questionable amusements [illegible] the [illegible] in which some churches see a harm and some do not. On account of a difference of [illegible] and spiritual growth [illegible] ideas to wrong motives. Innocent amusements he thought are carried to an extent [illegible] the Christian life [illegible] from its true work—that young and feeble Christians were in more danger of being turned aside by such amusements than older and stronger ones. He felt that we must meet the subject not by forbidding [illegible] amusements or by church discipline, but by a high education, and that we [illegible] an [illegible] not to consume but strengthen Christian character. A variety of expressions followed the essay, some being troubled with dancing, card playing and Sabbath breaking, others because of the [illegible] early education of some Christians, especially foreigners. Some thought that each person must decide whether any amusement was a help to devotional thought, another that all that we do must be for God's glory and that we should do nothing on which we cannot ask God's blessing. Another that people of [illegible] temperament must have charity for each other and deny self for the sake of others. Another that [illegible] struck the key note when he said that every one that hath this hope in him should justify himself even as [illegible] times was more and one minister related how he once and only once had ever been to a dance and that he had talked religion all the time, and the result was a revival.

Rev. G. P. Baker read an essay on Foreign Missions, in which he stated that there had been great progress during this century, from [closed] to open field now in heathen lands, from sending out our laborers as preachers to the heathen to sending them as educators of native preachers, and in many lands from native heathen to native preachers. And that while there is not now so much enthusiasm on the subject, there is more solid, steady work, so that he thought the conversion of the world not so improbable as it seemed to some. Others recommended the Woman's Board of Mission, referred to the work of the Japanese in Japan, who were educated at Forest Grove, and the better health of native workers over Americans in many heathen lands, and stated that Rev. D. Green of Japan would probably soon visit our churches to interest us more in this branch of Christian work.

In the afternoon D. Atkinson read an exegesis on the word day as used in the first chapter of Genesis, in which he stated that the Hebrew root of the word signified heat, after which it came to mean heat and light, in contrast with darkness, in the whole period of darkness and light, and [illegible] this chapter it meant such a long period. A number of questions were asked him on various points, some agreeing with him and some, while agreeing that the word often means an epoch, could not accept it in this passage. He was asked to prepare his essay for publication.

[The] reports of the churches which were taken up yesterday were taken up and finished. A summary shows that there are now one thousand and forty-one members connected with the body, two hundred and thirty-eight of whom have been added during the year. There have been fifty-nine dismissed, fifty-one adult and thirty-four infant baptisms. Twelve hundred and sixty Sabbath school scholars were reported, with a thousand and ninety average attendance, three hundred and fifteen average attendance on prayer meeting, and [illegible] hundred and thirty on public worship. About seventeen hundred and fifty dollars have been contributed for benevolent objects and fourteen thousand for home work. In regard to the last two items, however, the reports were very incomplete.

The churches at Washougal, Ahtanum and Mt. Pleasant are taking steps and gathering material for building edifices. The one at White Salmon is [illegible] under way. Those at Colfax, East Portland and Port Gamble have finished and dedicated theirs, built at an expense of $7.00[illegible]. That at Yakima City has procured an organ and the one at Colfax a bell. That at The Dalles has completed its parsonage and the one at Salem has [illegible] a small [illegible] church, which they propose to add to the building for a vestry.

THE NORTHWEST.

Eastern Washington.

Peter Swertz, trumpeter of Company A, 1st cavalry, was married to Miss Lovina Preston, of Walla Walla, at the garrison near that city on Tuesday of last week.

An uncle of Hager, the young man lately murdered near Waitsburg, has written that he will visit that locality shortly, take charge of the financial affairs of deceased, and make a rigorous search for the perpetrator of the atrocious deed.

A handsome monument has been erected over the grave of the late Dr. Marsh, president of Pacific University. It is of Italian marble, both base and shaft, the whole being eight feet high and suitably inscribed. It was fashioned under the direction of the widow of the lamented founder of Pacific University, and is a fitting testimonial to his great and good deeds.

A. J. Thomas and wife, alleged murderers of Brumfield and Amanda Shanks, have been remanded to jail until the December term of court. A territorial statute providing that no person shall be put on trial on indictment for murder until thirty days after his arrest without his consent in open court left Judge Wingard no alternative but to postpone the trial. The prisoners were returned to Walla Walla and placed in jail, and will hereafter be confined in separate cells.

Eastern Oregon.

Bernard, who was tried at Oregon City [illegible] murder of Mrs. Hager, is now under arrest at The Dalles, charged with stealing sundry articles from a hotel in that place.

MONDAY MORNING, JUNE 21, 1880.

THE FIGHT AND THE WAY TO WIN.

That the approaching presidential campaign is to be one of the most hotly contested for a number of years, there can be no doubt. The fierce conflict among republicans at Chicago was finally determined in a manner much more satisfactory than the country had hoped for. So bitter was the fight between the two prominent candidates that had either been nominated, it is doubtful if the bitterness engendered between the respective friends of Senator Blaine and General Grant, could have been entirely allayed before the election. But fortunately for the party, a man was successful on whom all can unite, and we now feel assured in the language of that eminent democratic writer, Mr. Watterson of the *Courier-Journal*, "that in good time for the decisive engagement, this wonderfully lucky and admirably handled political craft, (the republican party) will show not a trace of the rough usage of the elements, that the decks will be cleared for action; that the guns will be shotted and that every man will answer to his name when the roll is called."

But the republicans ought to learn at least that the conduct of a man's friends in their efforts to secure him the nomination for a high office, should not be characterized by the employment of scurrility and abuse of others seeking the same position for another man. In these preliminary contests the smut mills of the press were set to grinding slanders against prominent candidates for the presidency in both parties which had no origin in truth, and which are only equaled by the unjust attacks made on good men after they have been nominated to prevent their election. Some of these potent smut manufacturers have a deal to digest after conventions are over, and they have no one to blame if they find the task an unpleasant one.

It is indeed a great pity these contests for honor in the party organization cannot be carried on in a more amicable spirit. When all honorable means of carrying on political warfare are exhausted, the contending factions ought to rest quietly on their oars for the sake of the great party of which they are only integral elements. It looks, to say the least, like a pitiful confession of weakness, when toward the close of a campaign the friends of a minority candidate resort to the weapons of detraction and vituperation to win votes already pledged to another. It is a despicable, cowardly way of fighting. But deplore the condition of things as much as we may, we are at the same time compelled to acknowledge that it is one of the leading characteristics of American politics. Hardly one successful man of the past twenty years can be named who has not been violently attacked at different portions of his career by men and newspapers in his own party. This is a peculiarity not at all confined to either political party. The democrats are now engaged in cutting each other's throats just as the republicans came near doing before the Chicago convention. But because democrats delight to "bark and bite" is no reason why republicans should follow their example. That they did so in a manner is to be deplored, but the horizon is already clearing, and the party which has saved this nation and carried it through a period of the greatest financial depression, bringing it back but recently to an era of great prosperity, is not to be dispossessed of power by an organization that for a quarter of a century has really had no principle except to fight persistently each and every measure calculated to restore peace and prosperity to the union. The party can afford to go before the people under the lead of a man like General Garfield, upon any issue that democracy can raise, and against any man that party may name at Cincinnati. On finances, on the tariff, on civil service reform, on morality, on patriotism, on adherence to the principles of the constitution, the party can meet democracy before the country, with full confidence of victory. Let bickering inside the organization, let cliques and rings lay aside their schemes and plans, and let the one grand scheme be to overwhelmingly elect to the presidency the man whose nomination has been so enthusiastically received from one end of the land to the other.

THE CITY ELECTION.

In the city election to-day citizens are not likely to confine their suffrages as strictly to their party nominees as they did two weeks ago. Thinking men are likely to cast their votes for those candidates who are known to them to be best qualified for the positions they seek. The nominations in both parties are about as good as they usually make. The democratic organ in its Sunday issue devotes considerable space to the candidates, misrepresenting all the republican nominees and lauding in an especial manner the very worst nominations made by its own party. Mr. C. P. Hogue, the republican candidate for police commissioner, is charged with being a Besser man, which is not true; the democratic candidate, Mr. Church, being quite as likely to favor Besser for chief of police as Mr. Hogue, who is pledged to no man, and will take the office free to act on his convictions of duty, and all who know Mr. Hogue know that he will vote for no man who cannot bring to the office of chief the characteristics of honesty and capacity. He ought to be elected, as under his control the police force will be held to a performance of their legitimate duty and not used for partisan purposes.

For councilman for the First ward, which usually has gone democratic, the republicans have nominated Mr. Henry Hewett for the long term, and the democrats have named W. J. Quirk for the same position. We consider the nomination of Mr. Quirk as one unfortunate for the democratic party in this city, and his election would be quite as unfortunate for the city itself. The people of the first ward ought to vote for Mr. Hewitt without regard to party. He is well qualified, a careful business man, and has large interests in the city. The report that he is not a citizen is untrue and its circulation will tend to draw voters of foreign birth to him when they ascertain its falsity. He is a naturalized citizen and eligible to any office in the United States except that to which Gen. Garfield will be chosen next November. Between his qualifications and those of Quirk there is such disparity that a comparison cannot be made. In fact, Mr. Quirk has none of the qualifications to recommend him for the place.

For the second ward the republicans have made an excellent nomination in the selection of Mr. D. Mackay. He has resided in Portland for fifteen or twenty years, has large property interests here, and is well known as a careful business man and honest to the core. The second ward will be fortunate in securing Mr. Mackay to succeed Mr. Simon. Mr. Norris is nominated by the democrats and will be disappointed himself if he should come near being elected.

In the third ward J. B. Kellogg is the republican nominee, a man well qualified for councilman, who owns large property in the ward and will look carefully to the city's interest.

The contest for councilman in the first ward, for a term of one year, is between C. L. Porter and John Raleigh.

The reception which the entire republican press of the country and its leading public men have given to the nomination of Garfield proves it to be the most fortunate event which could have happened for the republican party.

The promise of success at the coming State Fair is quite flattering. The exhibition of live stock, the various articles exhibited under the head, mechanical, artistic or fancy work of course can just as well be made in July as October. In fact we can think of nothing except some vegetables and the larger fruits, of which quite as complete an exhibit may not be made at the time fixed for this year, as three months further on the season. Grains with proper care can be preserved from the harvest of this year until the fair of next. In short we imagine that the general exhibit may be made quite as interesting and, as large as if it were to be held in October as heretofore. Above all there is less likelihood of rain and the people can therefore see what is to be seen with vastly more comfort. The managers of the society have labored very hard for three or four years past to sustain its finances, and with good weather this year and that encouragement which is due an enterprise of so much vital public importance it is hoped the fair will materially aid the society in getting everything in good shape.

The seeming difference between the total congressional and judicial votes as given in our columns, showing a smaller vote for congress is due to the fact that the total vote of Benton county on the judges is given while the total vote of that county on congressman has not been received. In Benton Kelly received 746 and Waldo 740. The only report from Benton on congressman is Whiteaker's majority of 156.

Our list of members of the next legislature, a few days ago, was correct, except that in Umatilla county J. Q. Wilson, republican, was elected instead of O. F. Thompson. So the republican majority in the house will be 20, and on joint ballot 22.

DRY GOODS, CLOTHING.

In France, England, Germany, and in the Eastern States, armies of White people of both sexes are employed in designing, coloring, measuring dressing, cutting, sewing, etc., etc., and in the States of California and Oregon most all of this kind of labor is performed by Chinamen; but I make it my business to keep my store clear from this China made trash. Workingmen of this city and all over Oregon, to YOU I make it known, that there is not a single dollar's worth of Goods in my Store that have ever been handled by a Chinaman; and I wish it publicly understood, without FEAR or FAVOR, that I shall at all times stock my Store with only such Goods as are made by WHITE labor, and I ask your patronage.

MONDAY MORNING JUNE 21 1880

CITY.

AN OREGON E —The Salem S of of Saturday contains the following Two years ago to-day June 19th 1878 Lieut Fred G Schwatka sailed from New York in the whale schooner Eothen for the Arctic region in search of information that might lead to a discovery of the fate of Sir John Franklin's expedition The last word that has been received from Lieut S was a letter to his father in this city dated the 31st of March 1879 and written at Camp Daly North Hudson Bay from which point he intended to start northwards shortly after that date. News may be expected from Lieut Schwatka some time the coming fall and it may be that no word will be obtained of his whereabouts before the spring of 1881."

THE MUSICAL FESTIVAL—Everything's progressing finely an immense number of tickets have been disposed of and the prospects of an immense audience are assured and deservedly so, as no such programme has ever been offered the people of Oregon. The arrangements made to prevent the recurrence of the annoyance experienced at the last musical entertainment in the pavilion through the incessant tramping overhead are complete and will secure to each auditor a full and distinct hearing of every number The first rehearsal of the grand chorus will take place to night at 8 P M at Handel & Haydn Hall and a full attendance is requested.

A HEAVY FALL.—Saturday a lad named Master P. Spencer son of Mr John Spencer an engineer on one of the river steamers met with a heavy fall receiving some serious injuries. Young Spencer was playing on a pile of lumber at the corner of Sixth and Alder streets and losing his balance fell to the ground, a distance of eight feet. He struck on his head, receiving very painful bruises He was picked up in an insensible condition and it was several hours before he was restored to consciousness. The lad now lies in a very precarious condition.

BIRD'S EYE VIEW OF PORTLAND.—Subscriptions are now being taken for an immense map which is to give a bird's eye view of Portland showing plainly the position of every house lot and street as well as a view of the Cascade mountains and the Willamette and Columbia rivers The view is to be taken from the summit of Robinson's hill and when completed the map is to cost $6500. Of this amount $4500 has been already subscribed the railroad company having given $500 towards the enterprise.

ALLEGED POISONING OF THOS CULLY.—The East Portland Vindicator states that last Monday Thomas Cully a farmer living near the Sandy road six miles back of East Portland, was poisoned by strychnine placed in a cup of coffee It is alleged that the poison was administered by Cully's wife and a German farm hand to whom Mrs Cully had transferred her affections. Timely medical assistance by Dr Rafferty saved Cully's life Mrs Cully and the German have fled to parts unknown

CONTRACTS AWARDED.—The contract for the improvement of G street, from the center line of Sixteenth street, according to provisions of ordinance No. 2683, was let at the auditor's office on Saturday Block 98 lots 7 and 8, to Sweeney block 104, lots 7 and 8 to Drew block 153 lot 7 to Drew block 153 lot 8, to Sweeney block 154 lot 3, blocks 173 274 and 273 to Sweeney block 164 lot 1 block 99 lot 2, block 160, lot 2, block 154 lot 2, block 163, block 174, lot to Drew

FIRE AT THE DALLES.—Friday morning at half past 3 o'clock a fire broke out in The Dalles under the rear of Henry Gearson's tobacco and cigar store. The flames spread rapidly and soon the Oro Fino saloon which stood adjoining was involved The stock and both buildings were badly damaged. The estimated damage will reach $2000. Loss fully insured. The fire was undoubtedly the work of an incendiary

LIVELY TIMES.—The workmen of the O. R. & N. Co.'s carshops at The Dalles are making about six new platform cars per day and will soon be ready to begin work on box cars. The new platforms are built expressly for light iron and for that reason are much lighter than those formerly in use on this road The old rolling stock will all be transferred to the Cascades portage about the first of August.

REPORTED SALE.—The *Standard* says: "The steamship *Alex. Duncan*, engaged in running from this city to Puget Sound ports, has been sold by the owner H. D Hume to the Pacific Steamship Company and will be put on the Monterey, Cal., route The price paid for the steamship is said to have been $40,000"

HIGH SCHOOL EXERCISES.—The commencement exercises of the Portland high school will take place on Friday evening, June 25th, at New Market theater A salutatory essay and valedictory by members of the class will be delivered and Hon [illegible] Mallory will address the graduates

UNCLE SAM'S BOYS.—Company F, 21st Infantry U. S. A. passed through this city Saturday en route to Vancouver where they have been transferred from Fort Klamath. They have been stationed at the latter place for the last eight years

EXHIBITION.—There will be a sciopticon lantern exhibition in aid of the St. Mathews Mission chapel organ to-morrow (Tuesday) evening in the schoolroom under St. Stephen's chapel

U. S. CIRCUIT COURT.—Judge Deady will announce a decision in this court this morning upon the motion for a new trial in the case of Balfour, Guthrie & Co. vs. V. Bernard.

PORTLAND SAVINGS BANK OPEN TO DAY.—The Portland savings bank will open for business this morning, in the room on the southeast corner of First and Ash streets.

I O G T.—International Good Templars Bethel Home Lodge No. 1 I. O. G. T. of the World, holds its regular meeting to-night at 8 o'clock corner of B and Third streets

THE RIVER.—The Willamette at 1 o'clock this morning was 22.2 just five feet below high water mark of 1876.

UP THE COLUMBIA

Dispatches from up the river last evening indicate the following condition of the weather

Wallula—Clear no wind thermometer 65° river rose 8 inches to day
Umatilla—Clear thermometer 65° no wind river rose 4 inches since 10 A M
Dalles—Clear and calm thermometer 61° river rose 4 inches since 10 A. M.
Celilo—Clear light up breeze thermometer 61 river rose 5 inches

The heavy snow in the mountains it is thought will be the cause of high water as in 1876, but with cool weather we may hope to be exempt from an inundation, Be that as it may, we will assert that those pioneer clothiers, Beck & Waldman can and do offer best inducements to purchasers

FASHION NOTES

Hooks and eyes in plain and colored steel have been introduced as substitutes for buttons

Fashionable stockings are in all the new shades of heliotrope cream almond old gold blue rose and red

Some of the new over skirts are slashed at the seams and have the end of each gore rounded or pointed

Pretty dresses for blondes are made of white nuns veiling with plaitings of violet satin and soft white fringe

Artificial ostrich feathers made of silk floss on celluloid quills look natural and are worn on many pretty hats and bonnets

Batiste is the ordinary fabric for the fancy handkerchief which now prevails and the finest French floss is now employed in the ornamentation

Rich Parisians spend very much money in obtaining ancient buttons and even the imitations of them are costly enough. The prettiest of these are the Watteau buttons which are real jewels

Gloves are worn longer than ever sometimes coming up even to the elbow It is fashionable to trim them at the top with several rows of lace insertion and a slightly gathered lace heading

The vest is not by any means in disfavor, but it is often worn as a separate garment, to be laid aside at will and to change at pleasure from simple pique to brocade or embroidered or painted satin

Satin inserted plaitings are very extensively used They are placed between the side pieces of waist on the middle of the basque between the breadths of the skirts, on the sleeves and in fact on all parts of the dress

FIFTH OF JULY FIREWORKS.

Pyrotechnics Prepared by Geo Hughes for the Celebration at the State Fair.

The directors of the Oregon State Fair propose to celebrate the nation's birthday at the Salem fair grounds on the 5th of July next, in grand style. The great attractions for the evening will be a magnificent display of fireworks under the direction of Geo Hughes the well known pyrotechnist of this city An OREGONIAN reporter visited Mr Hughes establishment yesterday and was shown the pieces prepared for the occasion In all there are 20 fixed pieces and numberless rockets revolving wheels bombs Roman candles stars, etc. There are several revolving diamond, revolving star and one very handsome fountain piece of 32 jets, with green and red fire A splendid piece is Bunker Hill Monument. The base is an eagle with wide spread wings, bearing in his beak a streamer with the words Bunker Hill" Above the eagle rises a shaft 30 feet high which is surmounted by two flags The greatest piece is the finale, 'the Temple of Liberty It is about 30 feet wide and 40 feet high It is composed of four massive pillars surmounted by rich entablature Over this is a double arch with handsome ornaments and the whole has suitable mottoes The display will be one of the finest ever made in the state.

AMUSEMENTS.

BANDMANN.—At the Saturday matinee Narcisse was repeated to a large audience In the evening Richelieu was given to another big house Mr Bandmann's intimate acquaintance with the author of the great play and many discussions they had over it have given him a more correct realization of the crafty old cardinal than most actors who essay the part. In every respect Mr Bandmann's rendition was worthy of him and added no little to his laurels The support was better than on any other evening last week Especially good were Miss Beaudet as Julie, Miss Edgar as "Francois Mr Lindsay as Baradas and Mr Sutherland as "De Mauprat Mr Doyle as "Louis showed a marked improvement

Mr Bandmann's engagement closes this evening with "Richard III and a crowded house will no doubt greet him

PIONEER YACHT RACE

The "Oregonian" takes the 1st, "Wide Awake" 2d, "Arcadian" 3d "Sea Foam" 4th and "Dip" the 5th Prize.

The postponed pioneer sailing race took place as per announcement last Saturday afternoon A steady rain prevented many from witnessing the contest and interfered considerably in the management of the boats Nevertheless the race was interesting throughout The boats got away promptly on time. The *Mermaid* fouled her main sail with her tiller in hoisting which lost her at least one minute in getting under weigh and just before reaching the east side of the river on the first tack she capsized The *Emma Baker* standing in well to the east shore misstayed and went on to the piles near the ferry landing and was obliged to lower her sails before she could get clear which lost her so much time that she was virtually out of the race though she pluckily went round the course The breeze was fresh from the south and all the boats made good time beating up against the current to the south stake boat nearly one and three quarter miles dead to windward

The start was intended to be to the north but the wind being south the change was made in order to start to windward

The *Wide Awake* had a long start around both stake boats and it was thought to be her race sure until some time after the north stake boat was passed when the wind falling light, the boats were all in a bunch and from the steamship company's dock to the upper landing of the Dalles boats it was anybody's race Here the *Oregonian* and *Wide Awake* drew away from the others and came in as will be seen by the time given below near together The *Fleetwing Arcadian Dip* and *Sea Foam* were bunched just opposite B street but the *Arcadian* getting a favorable slant of wind, came in third and the *Sea Foam* secured the fourth place by good management, the *Dip* taking the fifth place and the last prize A claim was made to disqualify the *Wide Awake* for second place as she rounded the south stake boat the wrong way but it being shown that she was going right when told from the judge's boat that she was wrong and that she lost time by turning the wrong way she was given the second place A claim was also made by the *Mermaid* against the *Arcadian* of a foul causing the former to capsize but it was not allowed

The starts made and the time of the different yachts in the race were as follows

Yachts	Start	S. Stake	N. Stake	Home
Water Lily	2 20	2 56 00	3 44 00	Not taken
Sea Foam	2 20 25	3 00 00	3 48 00	5 34 37

Arcadian	2 23 37	3 01 00	3 44 15	5 22 17
Dip	2 23 4	2 59 00	3 51 30	5 35 35
Glide	2 24 29	3.03 00	3.51 00	Not taken

To the *Oregonian* will be awarded the handsome silver goblet and colors presented by the Pioneers Association Notice of the time and place for the presentation of the prizes will be given

The judges were Capt. Noyes of the bark *Alden Besse* and Capt. Pope and Mr Mark A King of this city

FOR THE CURE OF RHEUMATISM

And kindred affections we are satisfied that there is no medicine or treatment equal to the use of Bristol's Sarsaparilla and Pills. The cures performed by those two remedies have astonished even us with all our knowledge of their virtues and we venture nothing in saying that they are absolute specifics in this class of disease.

THE OREGON KIDNEY TEA!

Read the following testimonials, not from persons 3000 miles away whom no one knows but from well known and trustworthy citizens of Oregon whose names, written with their own hands can be seen at our office

Portland Oregon, July 31, 1879

The Oregon Kidney Tea has cured my back and Kidneys and I am at a loss to express my gratitude. I shall always remember the Oregon Kidney Tea with pleasure and esteem and highly recommend it to all my friends and acquaintances J H. P DOWNING (at P Selling's)

Portland Oregon, July 31, 1879

While I was in Tillamook last Winter I was affected in my back and kidneys so that it was almost impossible for me to reach Portland When I got here I was induced to try the Oregon Kidney Tea I drank at my meals the tea made from it and it has effected a radical cure I can highly recommend it to all who were afflicted as I was

NEW YORK, BOSTON AND PHILADELPHIA FREIGHTS

[SPECIAL TO THE OREGONIAN

NEW YORK June 19—The clipper freight market remains much the same dull and quiet state which has been noted from time to time the past two months, with no prospect of improvement Once in a while there is a rumor that there is a better feeling, etc., among shippers who are looking round but there is seldom if at all any result and ships drag along slowly The fact is that prices of most all articles of merchandise are unsettled and buyers cannot be induced to enter the market in such a state Hence until matters quiet down and prices are on a solid basis very little business will be done Rates are irregular and nominal

The ship Glendon has completed her cargo of nearly 3000 tons 370 bbls whisky 25 casks chicory, 150 cases capers 100 cases sauce 200 cases milk 1400 kegs nails, 55 boxes castile soap 125 bbls lager beer 25 bags coffee 250 cs castor oil 30 bbls currants 2000 bbls cement, 100 bxs lye, 150 cs sewing machines, 85 pkgs dry goods.

The ship Geo. F Mason 1416 tons will follow the Glendon in Simonson & Howe's line

Isthmus freights are very quiet and the agent does not seem to make any inroad into the cape trade for the reason that rates are almost equal to overland rates. The steamer will not get off on her advertised day the 21st as she is still in quarantine, but will sail on the 24th

Freights at Boston are rather quiet but the agent Samuel Skolfield expects to get a vessel away by the first proximo. Railroad freights at Boston are also quiet. The shipments for the past week amounting to 2663 packages

At Philadelphia freights are very dull The Florence is nearly loaded and will sail in a few days.

NEW YORK MARKETS

[SPECIAL TO THE OREGONIAN]

NEW YORK, June 19 —Trade remains quiet There are no marked fluctuations in prices though in a majority of cases buyers have the advantage.

Breadstuffs remain in the same semi-transitory state as noted for some time and with the immense increase in the acreage of wheat and an other good yield the tendency of prices is downward. A fair export demand prevails but mostly by clique shippers

Provisions remain quiet but prices are a little higher and firmer

Rio Coffee—Dull prices firmer

Refined Sugars—Quite sharp demand prices higher and firmer crushed 10½c powdered 10¼ granulated, 10¼ cut loaf 10⅝@10¾ coffee A standard, 9⅝@9¾ do. off A, 9¼@9⅝ white extra A 8⅞ @9, extra C 8⅜@8⅝

Wool—Tame and uncertain sales of California, 63,000 pounds spring at 28½@30c

Chicago Grain and Provision Market

[SPECIAL TO OREGONIAN]

CHICAGO, June 19 —Wheat has been hopping actively about within a moderate range for the past week followed somewhat more leisurely by the other cereals The tendency of wheat has been lower but of corn and oats higher The near approach of the wheat harvest, and diminishing receipts (they are now almost nothing), about counterbalances each other and the unfavorable foreign news causes some additional decline here The corn market is stiffened by advancing rates abroad, and by the diminishing receipts and decreasing stocks in store here

Provisions have taken a very marked upward step and to-day's prices show an advance of fully a dollar per barrel of pork over last Saturday's, and lard advanced 17½c There are stories of a corner in pork but it seems more probable that the fact that hogs are now so high that no pork can be made at present prices with profit to the packers will account for the rise A strong southern and European demand has sprung up, and it is not improbable that a further advance all along the line may be recorded. Sales of the July option were made during the week as follows Wheat 89⅝@94½c corn 35½@36⅝c, oats, 26¼@28½c, pork, $10⅝@11 40 lard $6 60@6 77½. Closing cash prices: wheat 92½c. corn 35⅝@36c. oats 27½@27¾c. rye, 75c, barley 73@76c. pork, 11½c. lard $6 75½. Closing July prices Wheat, 91c. corn 35⅝@35¾c, oats, 26½c. pork $11 22½@11 25 lard $6 72@6 75.

Receipts for the week—wheat, 245,000; corn, 2,220,000 oats, 479,000. Shipments—wheat, 1 812,000 corn, 3,235,000, oats, 315,000 Receipts same time last year—wheat, 556,000 corn, 1 580,000, oats 456,000 Shipments—wheat, 412,000 corn 2 222,000, oats, 396,000 The decrease in stock amounts to over two and a half million bushels and gives considerable confidence to the long holders.

SAN FRANCISCO FREIGHT MARKET.

The Market in Favor of Ship Owners—Harvest Commenced.

[SPECIAL DISPATCH TO THE OREGONIAN]

SAN FRANCISCO June 18.—There has been no movement in the freight market during the past week, which, however is quite natural under the circumstances. Harvest has commenced, and within a few weeks new wheat will be ready for shipment. Tonnage is scarce on spot and but few vessels are due for the next sixty days, which gives holders of spot vessels a strong position. Meanwhile the English market is weak and declining, and the amount of wheat remaining here for export is insignificant. It is said that shippers would be willing to charter for immediate loading at about £2 15s, Cork for orders which is below asking rates, and neither exporters nor ship owners care to make concessions.

Owing to firmness with which owners demand £3 for forward loading little or nothing has been done in charters to arrive as shippers are not disposed to pay that rate, particularly as the amount of damage done by hot weather is uncertain. Tonnage on the way is nearly up to the amount bound here at this date last season but most of it due at a much later date. Tonnage in port, however is less than half of the amount here at this date for some years past. Except at domestic Atlantic ports, freights at ports which can be drawn upon to supply this market are firm at rates that will prevent tonnage coming here seeking. The coal strike in Australia continues, which will cause considerable delay to vessels loading for this port.

Boston Wool Market.

BOSTON June 19.—The wool market is dull and prices are still settling down sales for the week being trifling for this time of the year and manufacturers seem determined to keep out of market until rates have reached a lower basis. Markets for California wool appear to be the dullest of any of the list, the views of manufacturers being too low and there is no disposition to force sales at unsatisfactory prices. Sales this week comprise only 26,900 lbs of spring and 15,600 lbs of fall, but northern spring clips are held at 33@35c but buyers are not disposed to purchase at these figures. At present in pulled wools business is quite small and in foreign wool there is no movement of any consequence. Sales include Ohio XXX and higher at 42@48c; Michigan X and medium, 44@45c; Choice X, 43@45c New York X 40c Georgia 35@37c; Kentucky 31@35c, washed combing 42@44½c, unwashed combing 32@33½c, unwashed and unmerchantable, 28@39c; Texas 32½@36c spring California, 28@34c fall do 17@25c; scoured 55@75c super and X pulled 44@50c; Montevideo, 31@47c Australian 42@46c English and Scotch 40@44c Total sales of the week, 812 000 lbs of which 560 000 lbs were domestic.

Catarrhal

[illegible]

Wei De Meyer's Treatise on Catarrh, explains the following important facts

1 **That Catarrhal Colds** become a **poisonous infection**, at first local and finally **constitutional.**

2 **That** being constitutional the infection is **beyond the reach of mere local** remedies

3 **That impurities** in the nostrils are necessarily **swallowed** into the **stomach** and **inhaled** into the **lungs** thus poisoning the Digestive Respiratory and Urinary organs

4 **That Catarrhal virus** flows through mucous membranes and causes **Deafness** Dyspepsia Chronic Diarrhœa **Bronchitis** Leucorrhœa and Consumption

5 **That Smokes** Douches Inhalation and Insoluble Snuffs **cannot possibly** remove infectious inflammation from the organs named

6 **That an antidote** for Catarrh must possess an **inoculative** affinity for and the quality of being **absorbed by** the ulcerated mucous **wherever located.**

Based upon these plain theories Dr. Wei De Meyer's Catarrh Cure has proved to be **infallible** It not only **relieves, it cures** Catarrh at **any stage** Home testimony
